## GLOBAL HELICOPTER SERVICE

# HUMANITARIAN AID OPERATIONS

The GHS team has more than ten years of experience in helicopter operations in Africa as well as an extensive history in the assistance of humanitarian aid missions.

Since 2014 GHS is assisting world leading humanitarian aid organizations (MSF, UN WFP, DFID) in the fight against the Ebola crisis in Sierra Leone and Liberia. Our responsibilities include the operation of Bell 412 helicopters for PAX and cargo transportation along with dangerous goods.

Owing to our highly experienced team, excellent equipment and quick conversion capability of our helicopters and crews, we are able to offer quick reaction and project realization to emergencies for our clients within the humanitarian aid sector in conflict affected environments.

Please contact us for any further information. We look forward to your request - anytime, anywhere.
