Job Description

MEETING THE HIGH EXPECTATIONS OF DIFFERENT GROUPS OF PEOPLE IS THE DAILY CHALLENGE FOR GHS MAINTENANCE CREW:

As one of Germany's fastest growing and prestigious helicopter companies, our business serves many of world's leading companies and their clientele.

We are looking to recruit professional individuals who share a passion for excellence and are willing to go the extra mile to provide the highest level of customer and service.

Applicants must be 18 years plus and meet our exceptional standards. You need to be customer focused, and able to perform in the highly complex aviation environment.

Your major task will be:

- Control, plan and help to organize complex helicopter maintenance tasks in EASA Part M and EASA Part 145 Company for our fleet.
- Stock control of spare parts and tools

If you believe that you possess these qualities, we will offer you a contract and competitive salary.

You must also hold the following qualifications:

Maintenance Planning Engineer:

- Comprehensive Knowledge of aviation and helicopters
- Good MS Office Knowledge
- English and German knowledge in written and speech.
- Able to work in a team and also on own responsibility.
- Aviation background and an aircraft maintenance license would be a benefit
- Permission to work and live in Germany

A first duty period could be agreed with immediate effect, detailed dates will be discussed once an initial assessment has been performed with a positive outcome. Please send us your CV and related professional documentation to g.reisenauer@g-h-service.com.
