

Job Description

Your Benefits:

- **Work where others go on vacation** – located in the middle of Chiemgau, you will find the Chiemsee, the Alps, and Salzburg in close proximity.
- **Meaningful work** – our work supports, among other things, humanitarian aid missions in Africa.
- **Family values** – open-minded, family-oriented work atmosphere with a culture of informal address.
- **Flexible working** – flexitime arrangements with overtime compensation and time off in lieu, as well as 25 days of annual leave to promote your work-life balance.
- **Modern workplace design** – ergonomic and latest technical workplace equipment.
- **Start-up assistance when moving** – we support you in finding your new home and provide a relocation bonus.
- **Numerous other benefits** – a permanent employment relationship with individual training and development opportunities, company events, free coffee, and tea.

Company: GHS
Contract Type: Fulltime (40 h/Week)
Job Location: Kirchanschöring (Germany)
Job Start: Immediately

As an international aviation company, Global Helicopter Service GmbH provides specialized helicopter services. These are currently provided with the focus on African countries and the Middle East for humanitarian aid organizations and governmental institutions.

To strengthen our team, we are currently seeking a full-time **Fleet Engineer S76 (m/f/d)**

Your major tasks will be:

- Monitoring and facilitating ongoing work orders to meet timelines and goals.
- Working closely with the purchasing department to handle all aspects of shipping and receiving related to maintenance activities.
- Collaborating with manufactures and the CAMO department to address maintenance issues and improve product support.
- Assessing and ensuring the availability of personnel, tools, equipment, materials, maintenance data, and facilities necessary for successful operations.
- Overseeing the activities and performance of the maintenance staff to ensure efficient and effective operations.

Your Profile:

- Holder of an EASA B1.3 S76C type rating, or equivalent FAA or CAA-UK license.
- Knowledge of EASA Part-M, Part-145, and associated regulatory requirements.
- Extensive experience with S76C helicopters.
- Familiarity with MRO Solutions, preferably BLUE EYE.
- Strong skills in resource management and production planning.
- Ability to solve problems and lead teams effectively.
- Proficient in common MS Office applications.
- Fluent in English both written and spoken, basic knowledge of German is desirable.
- Willingness to travel regularly to our company sites in Africa.
- Willingness to work and live in Germany.
- Valid visa and work permit for Germany.

Are you interested and can see yourself in the job description?

Then we look forward to receiving your detailed application documents, including salary expectations and earliest starting date, preferably by email to application@g-h-service.com.
