# AIRCRAFT IN OPERATION

# WE MATCH AIRCRAFT TO MISSION

Global Helicopter Service is an EASA approved German air operator providing helicopter services to highest safety and quality standards.

The GHS portfolio of flying services includes special missions in challenging environment, medical evacuation flights, freight and passenger transportation, aerial work and fire-fighting offered to Governments, NGO relief agencies, business and mining corporations and the general public.

GHS has recently expanded its service offering to include aircraft management, hangarage/storage, maintenance and re-

pair as well as flight training all of which have strengthened our total package of services offered to our customers.

By combining our highly skilled and experienced team, excellent equipment and adaptable capability of our helicopters, we are able to react quickly and launch turn-key services for emergencies regardless of the mission, location or operating environment – anytime, anywhere.

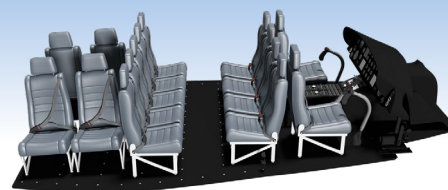

## BELL 412 EP

# THE ULTIMATE WORKHORSE

The robust Bell 412 reliably performs in some of the most extreme climates around the world every day. It provides multi-mission flexibility while its wide opening 7.7 ft. doors easily accommodate forklift loadings into a spacious 220 ft/6.2 m³ cabin, which can be reconfigured in a variety of ways within 20 minutes.

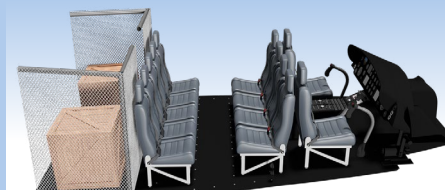

### QUICK FACTS:

Max. Range:	360 NM
Cruising Speed:	121 kts
MTOW:	5,400 kg
Max. Payload:	1,900 kg

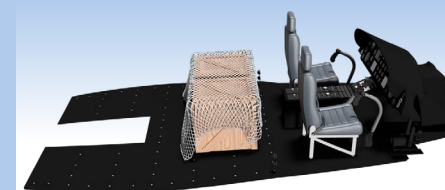

### PASSENGER (PAX)

1–2 Crew | 13 Passenger

### COMBI (PAX & CARGO)

Simultaneous transportation of 9 passengers and cargo

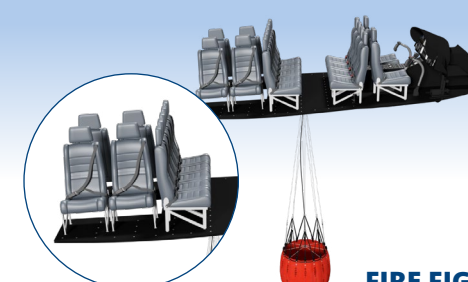

### CARGO

Cabin Dimensions:  
2.34 m Length | 1.26 m Height |  
2.54 m Width

### AIR AMBULANCE

left picture: Double ICU plus medical team & 4 sitting passengers
