

EASA B1.3 Certifying Staff

H225 / H215

Job Description

Your Benefits:

- **Work where others go on vacation** – located in the middle of Chiemgau, you will find the Chiemsee, the Alps, and Salzburg in close proximity.
- **Meaningful work** – our work supports, among other things, humanitarian aid missions in Africa.
- **Family values** – open-minded, family-oriented work atmosphere with a culture of informal address.
- **Flexible working** – flexitime arrangements with over-time compensation and time off in lieu, as well as 25 days of annual leave to promote your work-life balance.
- **Modern workplace design** – ergonomic and latest technical workplace equipment.
- **Start-up assistance when moving** – we support you in finding your new home and provide a relocation bonus.
- **Numerous other benefits** – a permanent employment relationship with individual training and development opportunities, company events, free coffee, and tea.

Company:

Global Helicopter Service GmbH

Contract Type:

Permanent employment – either

- Full-time (40 hours/week), or
- Rotational model (3 weeks on / 3 weeks off)

Job Location:

Kirchanschöring (Germany)

Job Start:

IMMEDIATELY

GHS is an EASA-approved German helicopter operator and maintenance provider, renowned for delivering services at the highest safety and quality standards. In addition to flight operations, GHS provides comprehensive Maintenance, Repair, and Overhaul (MRO) support to third party-clients.

To strengthen our team, we are currently seeking

EASA Part 66 B1.3 Certifying Staff H225 / H215

Your major tasks will be:

- Perform scheduled and unscheduled base maintenance on H225 and/or H215 helicopters.
- Conduct inspections, troubleshooting, and component replacements.
- Ensure compliance with EASA regulations and GHS maintenance procedures.
- Maintain detailed and accurate technical records and documentation.
- Coordinate with the planning and logistics team to support efficient MRO workflow.
- Contribute to the continuous improvement of maintenance processes and safety standards.

Your profile:

- A valid EASA Part 66 B1.3 License with the H225 and/or H215
- Human Factor initial training and valid recurrent training
- 6 months of working experience on a type relevant aircraft within the last years
- Fluent in English language, written and spoken
- Organizational skills
